

## Phillips Contracting 2016 Limited - Earthmoving, Excavation and Agriculture Contractors

We are an earthmoving and agriculture contracting business which has been reliably in operation for 15 years, servicing the Eastern Bay of Plenty and wider Bay of Plenty region within the North Island. With an extensive fleet of machinery, our services accommodate for rural, commercial and domestic sites, preparations ranging from small jobs such as tight access or limited space to larger projects such as Land constructions/Earth Moving, Land clearing, house and commercial sites, pile driving. Grass seed drilling, tilling and rolling, fencing, spraying and retaining.

We are a One-Stop, Reliable Contractor Service

Now you no longer have the hassle of searching for, hiring and co-ordinating multiple contractors, which can be annoying, administratively and practically, especially if there are delays in on-site preparation timings. With Phillips Contracting 2016 Ltd, we can do everything sequentially, working flexibly around your timelines. We offer a vast range of services, such as:

### Land clearing

- Earth works and excavation
- Land management
- Preparation of house, shed and tank pads
- Dig out and of Driveways
- Pool and Pond hole excavations or back fills
- Septic tanks, Leach Drains, Soak wells
- Footings, Trenches, Auger Holes, Post Holes
- Offal Pits
- Drainage, Headwalls, pipes
- Carpark Construction
- Rubbish Removal
- and much more

All your project needs are covered as we have the machinery, experience and skills to suit every job. Our earthmoving and excavation machinery fleet consists of:

- 2.2 Ton Excavator –with auger attachments for digging holes and making small trenches
